**We always offer a full bike assessment so we can quote an estimated cost before doing any work**  
All prices exclude parts. We may charge £10 extra on very low quality (e.g. toyshop, supermarket, mail order) bikes to reflect the extra work required. We may charge £10 if we have to clean your bike. We normally add a contingency on estimates, but will not charge you this unless extra work is required. Bikes must be collected within 3 days of completion of assessment or work; there may be a storage fee thereafter; if uncollected after 6 weeks bikes may be disposed of. Prices may be subject to change without notice. All prices are inclusive of VAT at 20%. E&OE.
